*11/05/24. 'Digital Technology In Craft' Lunch & Discussion with Jonathan Keep, Jack Puzey, Beth Somerville & Angela Thwaites:

The Art Workers' Guild, London.

Saturday 11th. May 2024, 12:30 - 16:30.

We are delighted to invite you for lunch and discussion at the S.D.C. Members' Day: 'Digital Technology in Craft'. Open to non-members, book your ticket now to join us in person on Saturday 11th. May 2024, 12:30 - 16:30.

Panelists Jonathan Keep, Jack Puzey, Beth Somerville & Angela Thwaites will be presenting their work and we will be asking what part does digital technology play in Craft? As craftspeople, what do we make of AI? This event will also be an opportunity for you to share how you use digital tools in your practice, or if not, why not? This part of the day is open to both members and non-members and we eagerly anticipate a thought-provoking discussion on the evolving definition of craft in the digital age.

Craft is often defined as a practice inextricably linked to the hand of the maker, but innovative digital technologies are changing and refining that definition, to astounding effect. We have invited four highly regarded makers who will present their inspiring work and reveal their approaches to blending digital technology with traditional techniques.

*08/06/24 - World Ocean Day @ Rachel Bebb Contemporary:

Join me for an evening of conversation on World Ocean Day 2024 (Website:

<https://worldoceanday.org/>) with Glassmakers Roberta Mason and Neil Wilkin. A representative from Project Seagrass. Alan Lovell, Chair of The Environment Agency.

Roberta and Neil are evolving a sustainable and inspiring way of working and living on their smallholding in Wales, and volunteering with their local seagrass restoration project in Wales.

Drinks and substantial canapés will be available, made by Dominique Göltinger, head chef of Little Walcot in Frome, with sustainably-sourced ingredients.

Proceeds from the event will go to Hampshire & Isle of Wight Wildlife Trust's Solent Seagrass Restoration Project. Roberta and Neil will also donate 10% of their earnings to seagrass restoration projects.

Seagrasses are flowering plants that live in the shallow, sheltered areas of our coast. They form dense, underwater meadows, supporting thousands of marine species, producing oxygen, storing carbon, stabilising our coastlines and keeping our ocean clean and clear. Yet, they are globally threatened and are facing significant loss around the world.

Project Seagrass's Solent Fieldwork Officer, Rebekah Noakes, says, "Project Seagrass is thrilled to be attending *Our Ocean*. We are conserving and restoring seagrass through Community, Research and Action. It's events like *Our Ocean* that, through art, help inspire the community and showcase the beauty of our seagrass ecosystems. We provide schools with science-backed, easy-to-understand

educational materials and resources with accessible information on the world's seagrass meadows, what they are, why they are so important and what we can do to help save them.
Saturday 8 June. 6-8pm. Tickets £20.00. Profits will be donated to Hampshire & Isle of Wight Wildlife Trust's Solent Seagrass Restoration Project. Website: <https://www.hiwwt.org.uk/seagrass-restoration>

AA2A, APPRENTICESHIPS, JOBS, INTERNSHIPS, PLACEMENTS/WORK EXPERIENCE, RESIDENCIES & VOLUNTEERING

Freelance Glass Assistants Needed:

Gather is a contemporary glassblowing studio and handmade glassware brand based in Woolwich, south east London. For information about what we make and do, see the

Website: www.gather.glass

As well as our own tableware and lighting, we make white label production for many designers and brands.

As we grow into the new studio space, we need to hire assistants, cold workers, glassblowing teachers and TAs on a temporary, freelance basis. This might suit people based in or near London, as it won't be permanent work to begin with -- though this is a possibility as the studio grows. The studio is reachable by public transport.

Anyone interested in any of those roles, please Email: phoebe@gather.glass with some information about your experience with glass and your likely availability.

Many thanks, Phoebe Stubbs. Mob. 07588 577 877. Websites: <https://gather.glass/>

***Nominations Close Friday 17/05/24 - New QEST Sanderson Rising Star Craft Award:**

Do you know an emerging maker worthy of recognition that you'd like to nominate for an award?

Or, can you help us to promote this exciting new opportunity across your network?

QEST is delighted to be collaborating with international luxury interior furnishings brand Sanderson to launch a prestigious new prize, the 'QEST Sanderson Rising Star Craft Award'.

This prize aims to recognise an emerging talent who is making a positive contribution to their craft, the wider craft sector and community. This person is a committed maker who has been practising professionally in their craft field between two to seven years.

It's open to craftspeople across the UK with a career-changing cash prize of £25,000.00!

Makers must be nominated by a credible person – which includes craft industry professionals, tutors, colleagues, peers, or others and who must know the maker and their work well in a professional capacity.

Please note: nominators can only put forward one candidate for the Award.

Nominations close on Friday 17 May with the winner announced in October.

Click here to read the nomination criteria and fill in a nomination form.

Applications Now Accepted Until 24/05/24 - QEST & Heritage Crafts Sustainability Award 2024:

Applications are now open and close on Friday, May 24.

If you know a craftsperson who is committed to improving sustainability in their practice, is innovative and an inspiration for others, spread the word about the Award!

We're looking for makers who've made a change to their materials or processes or innovated in another way to measurably reduce their impact on the environment within the last 12 months.

This year, the Award has been split into two prizes: 'Material Innovation' and 'Improving Processes'.

Each winner will receive £1,000.00 each and will be recognised at a Winners' Reception at the Vicar's Hall, Windsor Castle in November.

To apply, go to Weblink: <https://awards.heritagecrafts.org.uk/?p=1699>

For more information, go to

Stourbridge Glass Museum; How It Came Into Being. By Graham Fisher:

A writer and broadcaster hailing from the Black Country but now based on the Welsh border near Hay-on-Wye has released his latest book outlining the creation of a pioneering world-class museum, quite literally from the ashes of an iconic glass factory in the very heart of the historic Stourbridge Glass Quarter.

'Stourbridge Glass Museum; how it came into being' by Graham Fisher (with a Foreword by Lynn Boleyn M.B.E.) is a comprehensive and absorbing account of how Stourbridge Glass Museum was created on the vandalised and burnt-out site of the former Stuart glassworks in Wordsley.

Graham's new work covers the intense period of just thirteen years - a remarkably quick timescale - from BGF's formation through to the official opening in 2023 of a brand-new, purpose-built canalside facility that will conserve and promote both the heritage and the future of local glassmaking for generations to come.

Quotable quote:

Graham Knowles, Chairman of the British Glass Foundation said: '*Graham has captured the essence of creating what we consider is a 'People's Museum' from the relics of a former glassmaking site that, more than 20 years after its closure, is still regarded locally with great affection. His latest book is a fascinating narrative in its own right but his recording of how we arrived here will doubtless prove of immense value to researchers and historians yet to be born*'.

UK Price £10.00. Proceeds to the British Glass Foundation. Available on Amazon and at the Stourbridge Glass Museum. ISBN: 978-1-7399212--2-4. Email: bfg@britishglassfoundation.org.uk

CALL OUTS:

*Applications From March→06/05/24: The Launch Of A Brand New Exhibition Opportunity – “Glass Beginnings: Graduates Of 2024”, at General Office Gallery, Stourbridge:

From Saturday, 17th August to Sunday, 1st September 2024.

The Contemporary Glass Society (CGS) is delighted to be taking part in a brand new collaboration with General Office Gallery in Stourbridge. This exhibition will be for new Graduates working in glass and is entitled “Glass Beginnings: Graduates of 2024”.

The exhibition runs from Saturday, 17th August to Sunday, 1st September, 2024 and is a partner venue of the International Festival of Glass 2024.

The Contemporary Glass Society is the premier supporter and promoter of contemporary glass art and glass artists within the UK. Membership is open to glass artists at all stages of their careers, collectors and members of the general public interested in contemporary glass.

Website: <https://cgs.org.uk/>

Established in 2018, General Office is an independent gallery, based in Stourbridge. It houses artists' studios and a hireable gallery and print room. The gallery delivers a programme of contemporary exhibitions of fine art, photography, glass and ceramics, and holds regular classes, workshops and a variety of talks and screenings. The aim of the gallery is to provide space for local and national artists and creatives to exhibit, collaborate and engage the public with contemporary art practices within the Dudley Borough. Since its opening, the gallery has showcased works by over 250 artists and makers across a variety of disciplines. Website: <https://generaloffice.co.uk/>

This joint project is creating a new exhibition entitled “Glass Beginnings: Graduates of 2024”. It will feature between 10 and 15 graduates selected from all those graduating from a British or Irish accredited course or graduating from a British or Irish accredited M.A. or Ph.D. course in 2024. All graduates will be able to apply with work which comprises of at least 50% glass and will also have the chance to win a range of prizes. The application process will be launched in March via curator space Weblink: <https://www.curatorspace.com/opportunities/detail/glass-beginnings-graduates-of/8064> and close on 6th May.

It is anticipated that one or two past winners of the Glass Sellers and CGS New Graduate Prize will also be invited to exhibit alongside the successful graduates.

The exhibition is a wonderful opportunity for emerging glass artists to show their work before an international audience.

Exhibition events:

An opening Preview Evening from 7- 9pm on Saturday 17th August.

'Still In Love' – Group exhibition and residency opportunity.

From S12 Gallery and Workshop, in collaboration with Northing Space Bergen, Norway.

S12 is a non-profit open access studio and gallery – a resource centre specialising in glass art and design. We run an international Artist in Residence program, welcoming in particular those who like to experiment with glass in all its diversity, and in combination with other materials. We have a gallery space with an exhibition program that emphasises sculptural and installation based glass art.

For more information about our exhibitions, visit Website: <https://www.s12.no/en/exhibitions/>

Northing Space is a multi-functional cultural space in downtown Bergen, Norway. The main function of the space is to promote and mediate contemporary East Asian art and culture in Bergen, through exhibitions and cultural events.

Northing Website: <https://www.northing.no/>

The Exhibition:

'Still In Love' will be a biennial group exhibition arranged for the first time in the autumn of 2024. The exhibition will favour artists using an exploratory approach to glass as a medium, focussing on artists that have shown resilience in their artistic approach and maintained their experimental attitude over an extended time.

One of the selected artists will be invited for a residency at S12 to create a new work for the exhibition.

The exhibition in 2024 will be arranged and curated together with Northing Space in Bergen, and will take place in both venues

Eligibility:

We invite artists with a minimum of 7 years of active career post-university, who are working with glass alone or in combination with other materials to propose their work. Installation and video works are also considered.

Submission Requirements:

Your proposal should be in English, in one PDF document of maximum 10mb including:

Photo of proposed work, maximum 2 works.

Information about materials used and dimensions.

Artist statement relating to the work.

Biography, CV, and a link to a webpage, instagram, or other relevant information.

Confirmation if you would like to be considered for a residency at S12 Gallery and Workshop. This should include a brief proposal of what you would like to achieve during the residency

Please submit your proposal to Email: proposal@s12.no

Deadline for submission of proposals: June 2nd. 2024.

Selected works need to be received in Bergen, Norway, by August 20th. 2024.

Exhibition period: September – November 2024.

Submissions Deadline 26/07/24 - Announcing The Scottish Glass Society Annual Exhibition For 2024:

'Balance & Harmony', Trades House, Glasgow. Wednesday 18th. September to Wednesday 25th.

September 2024.

Private View/Opening on Tuesday 17th. September @ 18:00.

Closing date for Submissions Friday 26th. July 2024.

Theme:

In 2024, the Scottish Glass Society (SGS) is holding an Open Exhibition for SGS Members with the theme of Balance & Harmony.

The exhibition will be held in the Trades Hall, Glasgow, in the Merchant City area and run from Wednesday 18th. to Wednesday 25th. September 2024, coinciding with the Glasgow 'Doors Open' week.

"Balance & Harmony" is a compelling and profound theme for an exhibition, evoking a sense of equilibrium, serenity, and interconnectedness. This theme invites artists to explore the interplay between contrasting elements, whether it be through form, colour, texture, or concept, and to express the inherent beauty found in harmonious coexistence.

Artists may choose to interpret this theme in a myriad of ways, addressing not only the balance and unity within their individual artworks but also reflecting on broader societal, environmental, and spiritual notions of harmony and equilibrium.

Artworks inspired by "Balance & Harmony" could range from serene and contemplative pieces that embody a visual sense of tranquillity, to compositions that ingeniously juxtapose disparate elements to create a cohesive and balanced whole. From the use of complementary colours and textures to the incorporation of symbolic imagery representing harmony and equilibrium, the potential for artistic exploration within this theme is vast.

All work should be for sale.

The aim of the "Balance & Harmony" exhibition is to demonstrate the wonderful and amazing contemporary glass that makers of S.G.S. create and to let the public appreciate and enjoy its magical colours, textures, use of light and variety of techniques. It is also an opportunity for the public to not only discover their own local glass artists but to encounter work from other S.G.S. Members. The work displayed will feature as wide a range of techniques as possible.

The exhibition will also be available online to allow wider access to S.G.S. Members work.

We continue to keep the entry fee the same as the last few years. The entry fee is £40.00 per application for Members and £20.00 for Students. This entitles members to include a maximum of three entries. Non-members of S.G.S. are welcome to submit an application, but must join S.G.S. to do so. (here is the Weblink: <https://scottishglassociety.com/register/>)

S.G.S. will take a commission of 30% on sales and you should reflect this in the price of your artefact for sale.

The closing date for entries is 17:00 on Friday 26th July, 2024.

Application forms will be available on the Website: www.scottishglassociety.com by the end of February 2024.

***Moretti-Caselli Glassworkshop Italy Perugia:**

Hello Alan, I want to let you know about my recent visit to the Moretti Caselli Studio in Perugia. Maddalena is the last generation to be working in the same glass methods that date back to the Renaissance.

She is finding it hard going and I wondered if I could connect her with you.

A summer school advertised in your newsletter might work.

It is the most amazing workshop I have seen.

Various Kiln-Forming Classes With Laura Hart:

Taster Day:

Wet your appetite for the art of glass fusing with a taster day. Let your creativity flourish and learn the essentials of fused glass making in a relaxed, fun atmosphere. All you need to bring is a sandwich for lunch and a mind brimming with ideas!

We begin the day at 10am with a brief lesson on scoring and breaking sheet glass, followed by a demonstration using the edge grinding machine.

You can choose from a variety of pre-made patterns, or better still create your own freestyle. The day is yours to play! With dozens of colours in sheet glass, powders and frits, you can let your imagination run wild. As the day progresses, you'll learn about how different glasses behave under heat, giving you the best chance to achieve your ideas. We aim to have the work ready by 3pm. I'll give a brief talk at the kiln, describing the glass fusing stages of the firing programme. You will be able to collect from midday the following day. Happy to post.

Warning: Glass fusing can be addictive. Prepare for withdrawal symptoms!

Glass Fusing Taster Day:

Six places available per course.

£210.00pp - All materials included.

10:00 – 15:00.

Dates: 23rd. March, 30th. March, 13th. April.

Bring favourite landscape/seascape/animal . . . whatever . . . images for reference.

Kitchen and Microwave facilities, please bring your own lunch. Coffee/Tea/Hot Chocolate and milk supplied.

Depth Of Field Workshop.

Two Day Workshop:

This two-day workshop is aimed at those who have had some experience with glass fusing and wish to build on their knowledge and skills.

The light quality of glass enables superb depth of field; a boon when creating landscapes, or works where a clear definition of distance and foreground is desired. Using Bullseye sheet, frit and powder this workshop is aimed at experimenting with the way different glasses react and layer under varying temperatures. Over the two days we will create two pieces; a landscape from your own images/pictures and a freehand work of your choosing. Two layers, two different firing schedules, but with scope for you to continue with subsequent layers at home.

If you're unfamiliar with edge and bench grinding machines, there will be a brief demonstration, for those who wish to use them.

There are six places available.

10:00 – 15:00.

£480.00 pp.

All materials included.

Kitchen facilities available. Tea and coffee etc. Please bring your own lunch.

Dates: 20th. & 21st. April – 4th. & 5th. April.

***19/08/24→22/08/24. International Festival Of Glass Masterclasses @ The Glass Foundry. Stroud. GB:**

Don't miss your opportunity to learn from glass masters from across the globe!

Every Festival we bring glass masters to the UK to share their skills and this year we have nine very varied masterclasses to capture the imagination - from glass mosaics and traditional glass painting, to intensive scientific glassblowing and lamination glass sculpture. This year's masterclass dates are 19 - 22 August and the four day courses offer a unique opportunity to learn from glass artists at the top of their respective fields.

There will also be a fantastic evening event, to spend time with all the masterclass leaders, have dinner together and a tour of the Glass Foundry in Stroud.

Visit the masterclass page for details of each class and to book your place.

COMMISSIONS.

Early Career Artists Public Realm Commissioning - Art School Plus, London:

Art School Plus exists to connect exceptional early-career artists with public realm commissions.

As a not-for-profit, we work to support artists. Our rigorous and unique selection process, means we look to work with exceptional artists who are early-career and traditionally under-served in the art world. For its inaugural programme Art School Plus is inviting artists studying, living or working across London to apply. Artists will be provided with a bespoke training week, exhibition, and possible future opportunities for commissions. For full details, and an application pack and form, visit

Kilncare Glass Kiln FX4 £3,500.00:

Made in England. 7kw Single or 3 Phase kiln.

Internal dimensions 1000 x 500 mm.

Very little use by a glass artist and was only a hobby. It is in excellent condition and has always been very well looked after. Vacuumed after each firing.

Th FX range is for large capacity fusing and slumping. It is designed to be totally functional, simple and easy to maintain.

The heating system is in the roof from tubular heating elements. On the front and side of the kiln are large vent /peep holes to both allow a view of your glass and to assist with the cooling. The stainless-steel slatted roof allows for the kiln to cool much more easily.

It has a sturdy steel housing, including a stand with a shelf, and solid steel rolling base with locking swivelling wheels and a gas spring assisted lid for easy opening.

The insulation is excellent and makes the kiln ultra efficient and allows for a large capacity to be fired using very little electricity.

There is a multi-program controller, Stafford ST315A, is designed for glass or ceramics. Each section in the program has a heating/colling ramp followed by an optional soak.

There is a flat floor to allow for larger pieces to be carefully slid into position rather than lowering into place. This also allows for a clearer visual inspection of work before firing. Two inner shelves, 490 x 490 mm with posts are also included.

Glass of various thicknesses and other glass products can also be included.

Please contact Shirley Hammond on Email: ashammond.shirley@gmail.com or Mob. 07411 352 801 for further details and photographs etc. I am asking £3,500.00 which is a bargain as the FX range currently start at over £10,000.00.

Buyer to collect from the Hyde area, Greater Manchester.

***Mastermind: The Man Behind 50 Years Of Glass Trophies (Denis Mann):**

Charity Engagement Manager, Ruth Hart, from Glasgow was crowned the 2024 Mastermind

Champion in the Grand Final on Monday 1 April on BBC Two, concluding the show's 51st series.

Mastermind's famous engraved glass trophy has been one of the most coveted items on TV for 50 years. Every one is unique, and they have all been designed by Guild member Denis Mann - thanks to a chance meeting in the Highlands.

If you haven't had the opportunity, you can read about Denis Mann and the Mastermind trophy by going to Website: <https://www.bbc.co.uk/news/uk-scotland-highlands-islands-62849057>

***Gerry King - 1945-2024:**

I am writing to let you know that my beloved Gerry died suddenly after a massive stroke yesterday.

My world is shattered. Kate King

NEWSLETTER CRITERIA:

Newsletter Submissions:

To clarify - my monthly newsletters were started many years ago, primarily to promote and circulate news and information about, and for the information of, UK and Irish Glass Artists and Students.

(However, this also includes Artists of any other nationality that have either had an glass education or lived in the UK or Ireland).

Any exhibitions or events that include British and Irish Artists, and any events that are open to Artists from these countries can be added to the news lists.

Submission criteria - anyone wishing to place an entry, whether exhibitions, open studio events, fairs or markets, should include the title of the show/event (if there is one), start and finish dates, name(s) of Glass Artists/Students, venue name, and venue contact details (telephone, email and event weblink/website).

I hope this goes some way in explaining the criteria of what can be included and what they are primarily, all about and for.

... What started as a small favour for the glass community and collector/buyers, has now grown out of all proportion. AJP.

'Email Forwarding Service':

Just to remind people, once again, my above service, stopped several years ago. I used to charge £10 to directly forward out peoples emails/information/adverts, to several thousand recipients, and took, on average, nearly two days to undertake, and needless to say, just wasn't worth the time, energy and money. I do however, forward on some emails to the various glass groups, guilds and societies, and or, colleges and universities that still retain some form of glass education, where appropriate. AJP.

UNSUBSCRIBE:

Should anyone no longer wish to receive the monthly newsletter, and or, the glass related information I forward on from third parties, just send me an email with 'Unsubscribe' written in the title bar of your message and I will delete your address from my e-address book right away.

Please do not mark it up as spam, as this causes me problems and grief with my email provider.
Many thanks. AJP.

The next edition will be on or around 29/05/24.

... and then further monthly newsletters approximately,
26/06, 31/07, 28/08, 25/09, 30/10 & 27/11.

Please note that my newsletters go out on, or as near to the 1st. of every month,
unless this falls on a weekend, in which case it will usually
be issued just prior to, or just after, that date.

(There is no January edition - My break time!).

Information is accepted for inclusion at any time priory to the mailing date,
but not on the actual day of posting.

*Whilst every effort is made to ensure that all information is correct at the time of posting,
you should always contact either the venue(s) or Artist(s) concerned
before attending any event in order to avoid disappointment,
should details, dates and or, Artist participation change or be amended.
